DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114 was filed in this application after a decision by the Board of Patent Appeals and Interferences, but before the filing of a Notice of Appeal to the Court of Appeals for the Federal Circuit or the commencement of a civil action. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on September 29, 2009 has been entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mark Watson (Registration No. 41,370) on October 7, 2009. The application has been amended as follows:

In the claims:

Cancel claim 24

Allowable Subject Matter

Claims 1-8, 11-20, 22-23, 25-29, 31-33 are allowed.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance. Independent claims 1, 13, 25, and 33 each recite the transitional phrase "consisting of." The use of this transitional phrase excludes any element or step not specified in the claim. See MPEP 2111.03. Crinon¹, the closest prior art of record, discloses every feature recited in claims 1, 13, 25, and 33. However, Crinon also discloses additional features (e.g., use of motion vectors to determine pixel offset positions), which are precluded by the recitation of "consisting of" in claims 1, 13, 25, and 33, as explained above. For at least these reasons, Crinon is considered to be patently distinguishable over the invention as recited in claims 1, 13, 25, and 33.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
